

ASCETRON

**How AI saves doctors time and
reduces administrative burden**

Presented by
Martin Majerník CTO

www.ascetron.com

✗ Doctors waste 50%+ of their time on admin work

✗ Outdated EHRs slow them down

✗ Inefficient documentation leads to errors & burnout

E-Záznamník

An AI-powered 2-in-1 assistant that integrates directly into existing systems, saving doctors at least 2 hours of paperwork daily

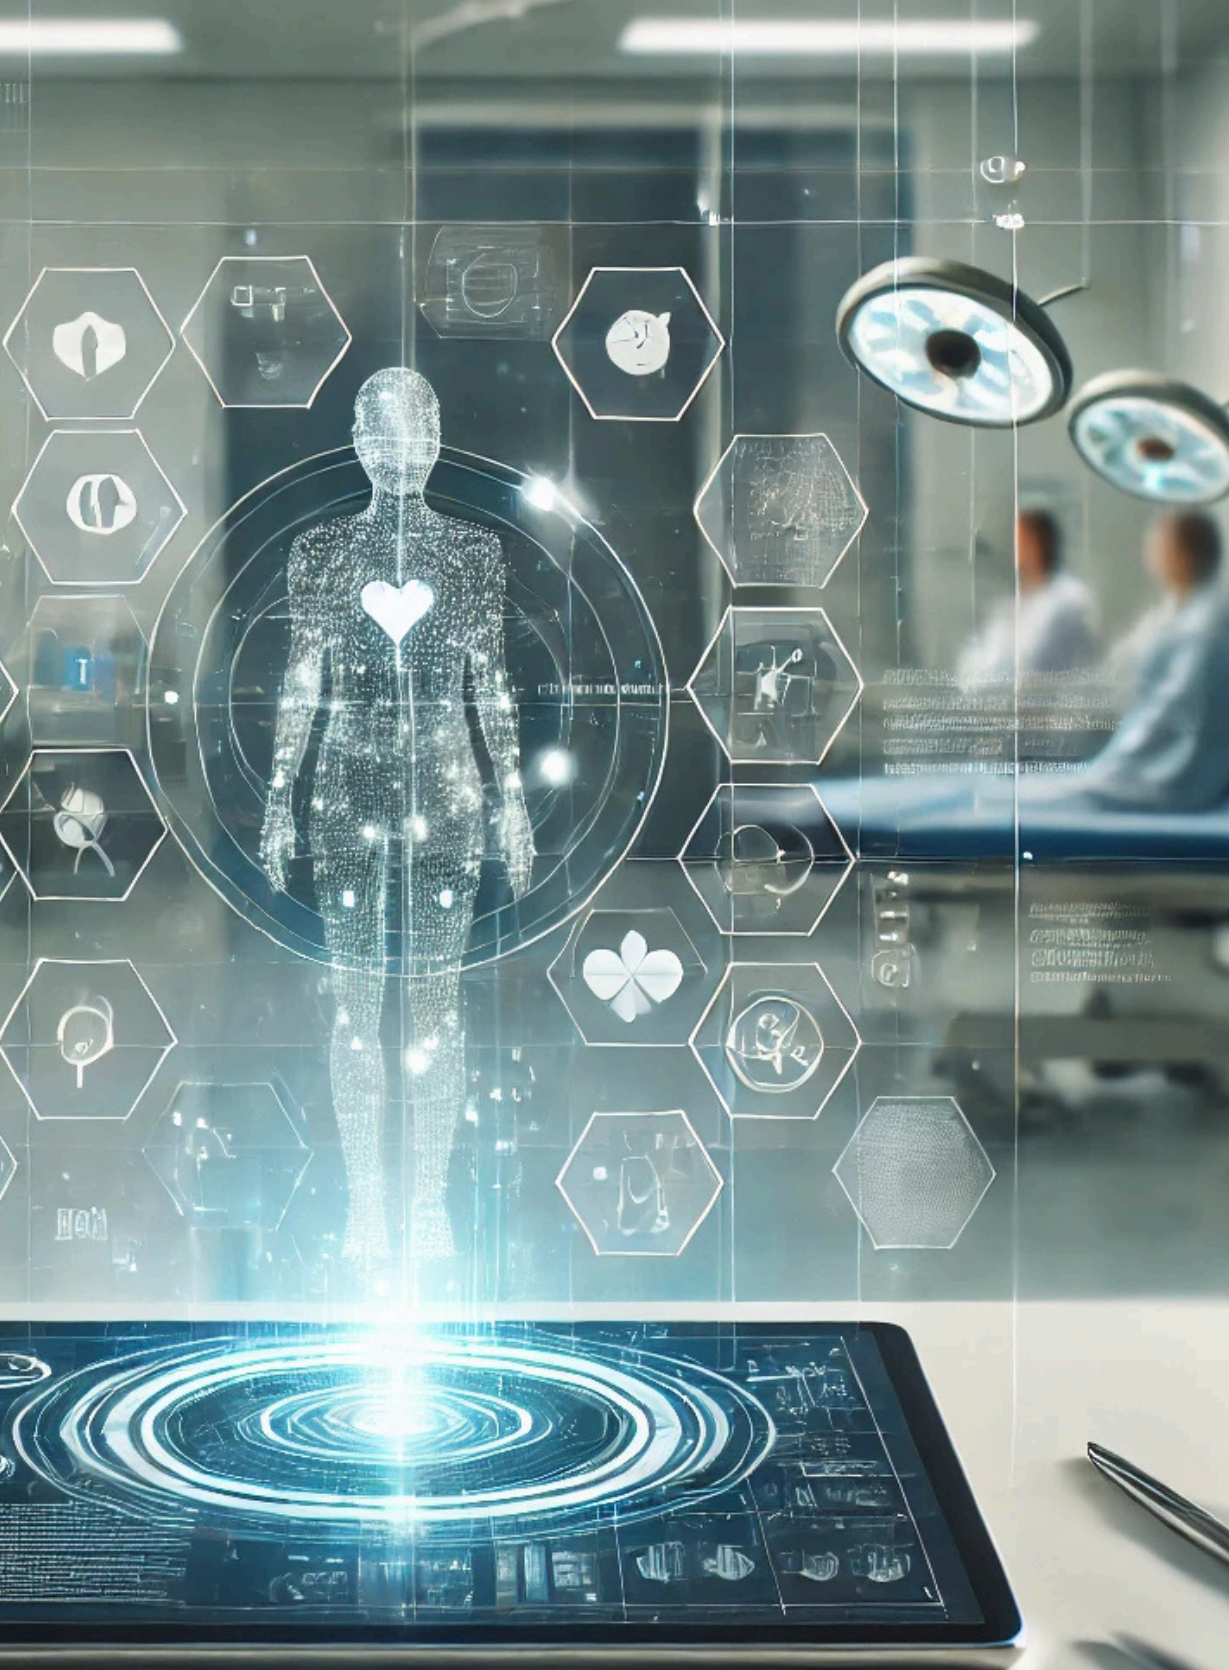

www.ascetron.com

How does + it work?

- ◆ **Speech-to-text AI captures doctor-patient interactions**
- ◆ **AI algorithms extract key medical data**
- ◆ **Automated ICD classification & medication safety checks**

✓ Up to 30% less administrative burden

✓ Faster diagnostics – AI-assisted analysis

✓ Higher income potential – 15–25% more patients without increasing work hours

www.ascetron.com

Business Model

- ◆ **B2B SaaS – Monthly per-doctor subscription**
- ◆ **Premium AI features as upsells**
- ◆ **Partnerships for seamless EHR integration**
