

**TELEHEALTH AND
CONSULTATION POINT**

The right choice is the point of telehealth and consultation

Telehealth and consultation point

For those who feel unwell

At this point, you can do surveys:

- temperature

- blood pressure

- pulse oximetry

- stethoscope

- glucometer

- 12-channel ECG

- hemoglobin analyzer

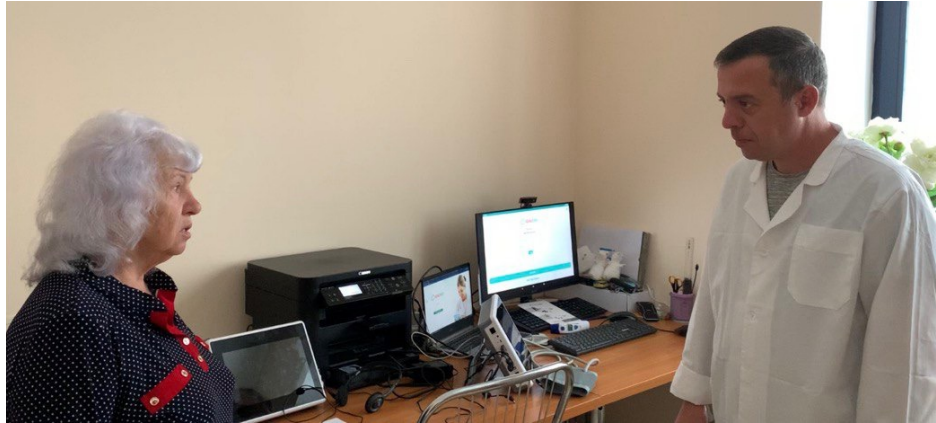

- photo and video

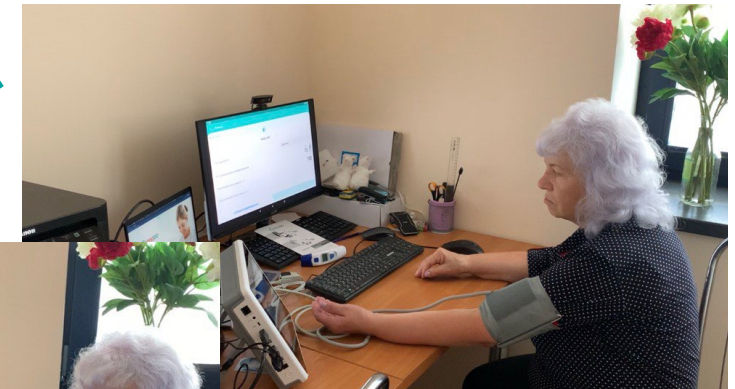

video consultation with a doctor!!!

Workflow of telehealth and consultation point

1. Tell the assistant about your health complaints

2. Take measurements

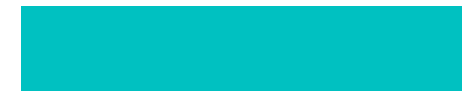

Blood pressure

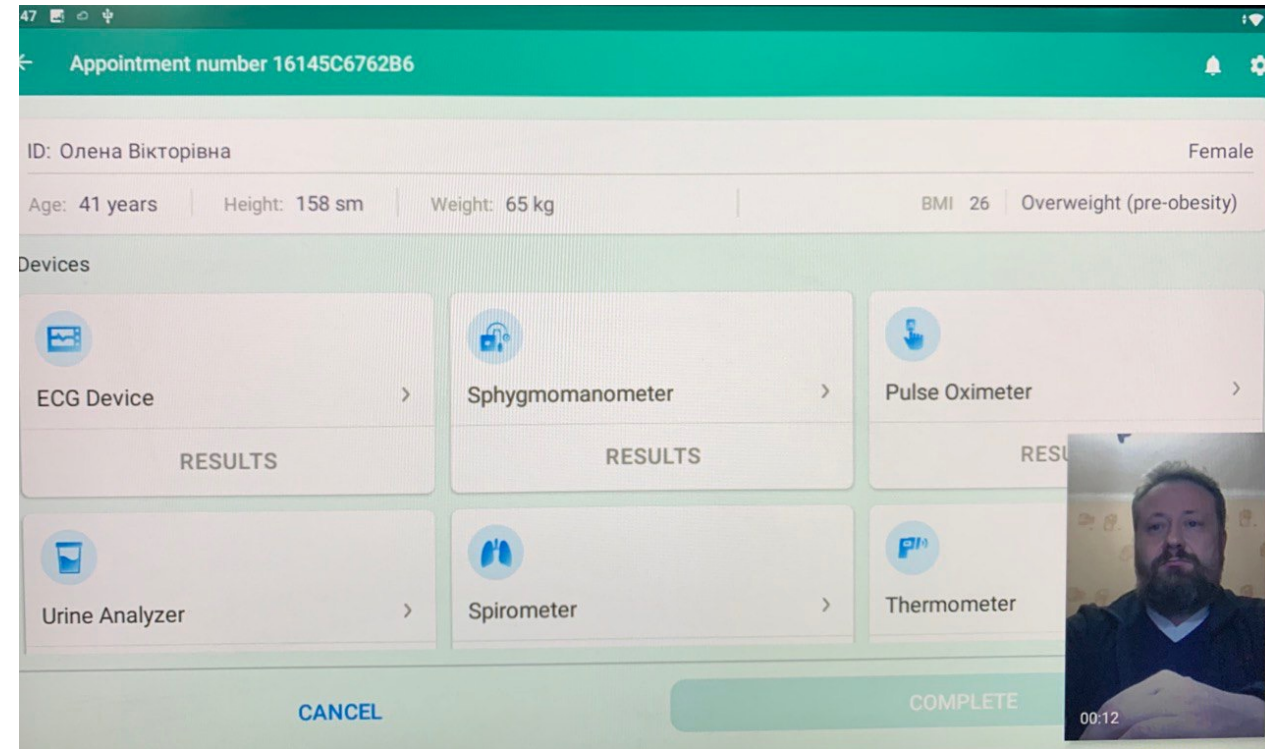

Temperature

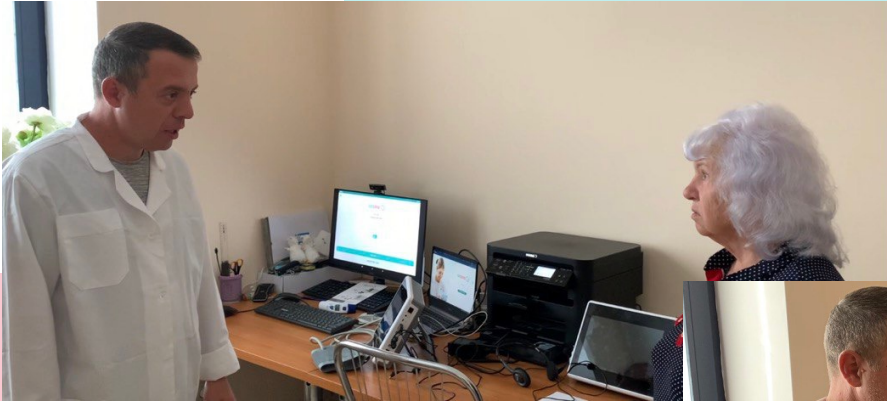

Pulse oximetry

Get a teleconsultation from a doctor

Get a prescription, starting treatment immediately

BE HEALTHY EVERYWHERE!

**Sincerely,
Dr Sergiy Kutsevlyak,
CEO,
SK-Telemed GmbH**
