DELIVERING TECHNOLOGY **FOR LEARNING**

DELIVERING TECHNOLOGY **FOR LEARNING**

Paddy Maguire

Services Delivery Manager

Northern Ireland

Classroom 2000 (C2k)

DELIVERING TECHNOLOGY FOR LEARNING

C2k Strategic Objectives

- To provide a world class learning environment
  - populated with relevant resources
- To help develop ICT skills
- To support partnership between home and school
- To place the learner at the centre of classroom practice
- To embed technology in teaching
- To lay foundation for life-long learning
- To support curricular reform

DELIVERING TECHNOLOGY FOR LEARNING

Today's Presentation

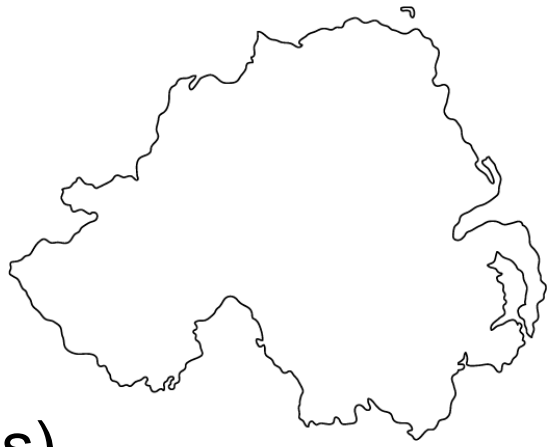
- Introduction / background
- ICT provision in N. Ireland's schools in 1999
- ICT provision in N. Ireland's schools today
- Getting to where we are
  - The journey of the last 5 years
- The Future
- Northern Ireland ??

DELIVERING TECHNOLOGY FOR LEARNING

Northern Ireland

Maps from WorldAtlas.com

Northern Ireland Statistics

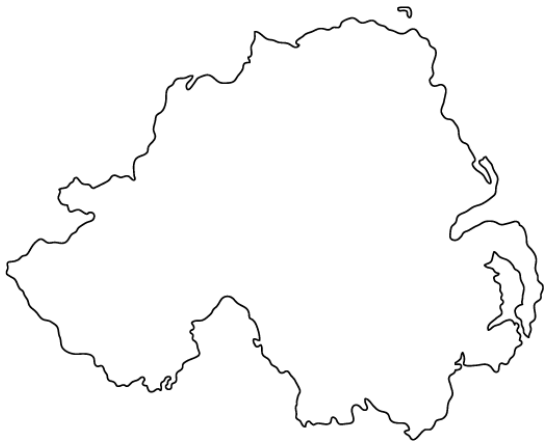


- Population 1.6M
- 330,000+ school children
- 5 Educational administrative regions (ELBs)
- 910 Primary Schools (4-11 years)
- 230 Post-primary Schools (11-18 years)
- 50 Special Schools (4-16 years)

} 1200!

DELIVERING TECHNOLOGY FOR LEARNING

Northern Ireland's Schools



- Controlled (State)
- Maintained (Roman Catholic)
- Integrated (All religions)
- Irish Medium

- Secondary Schools
  - Selective (Grammar)
  - Non-selective

N. Ireland - Administration

C2k

- C2k
  - Regional: one Management Board
  - 5 Centres: local teams / local knowledge
  - Supports all schools
- Teachers are teachers: not technicians
- Heads/Deputies are educationalists: not software experts
- All children have a right to education
  - **In 21st Century, all children have a right to ICT**

DELIVERING TECHNOLOGY FOR LEARNING

ICT in N. Ireland's schools in 1999

- Some – using computers for 20 years
- Some – computer suites
- Small number – Internet by dial-up
- Small number – technician help
- Many – use negligible
- Some
  - Standalones
  - None
- Most – no Internet access
- Most – no school-based help

Variety of workstations – type and specification

Unreliability

Seniors managers lacking in confidence

DELIVERING TECHNOLOGY FOR LEARNING

Motivation for Change

- Education Technology Strat
  - T
  - V use when wanted
  - A ccess without timetabling in an 'ICT room'

"… imp province, for pupils and ative and worthwhile use of tec
