Do I need GIS?

Is it GIS?

What is it then?

Is it for my company?

I don't need another standalone application!

Give me that ease of use.

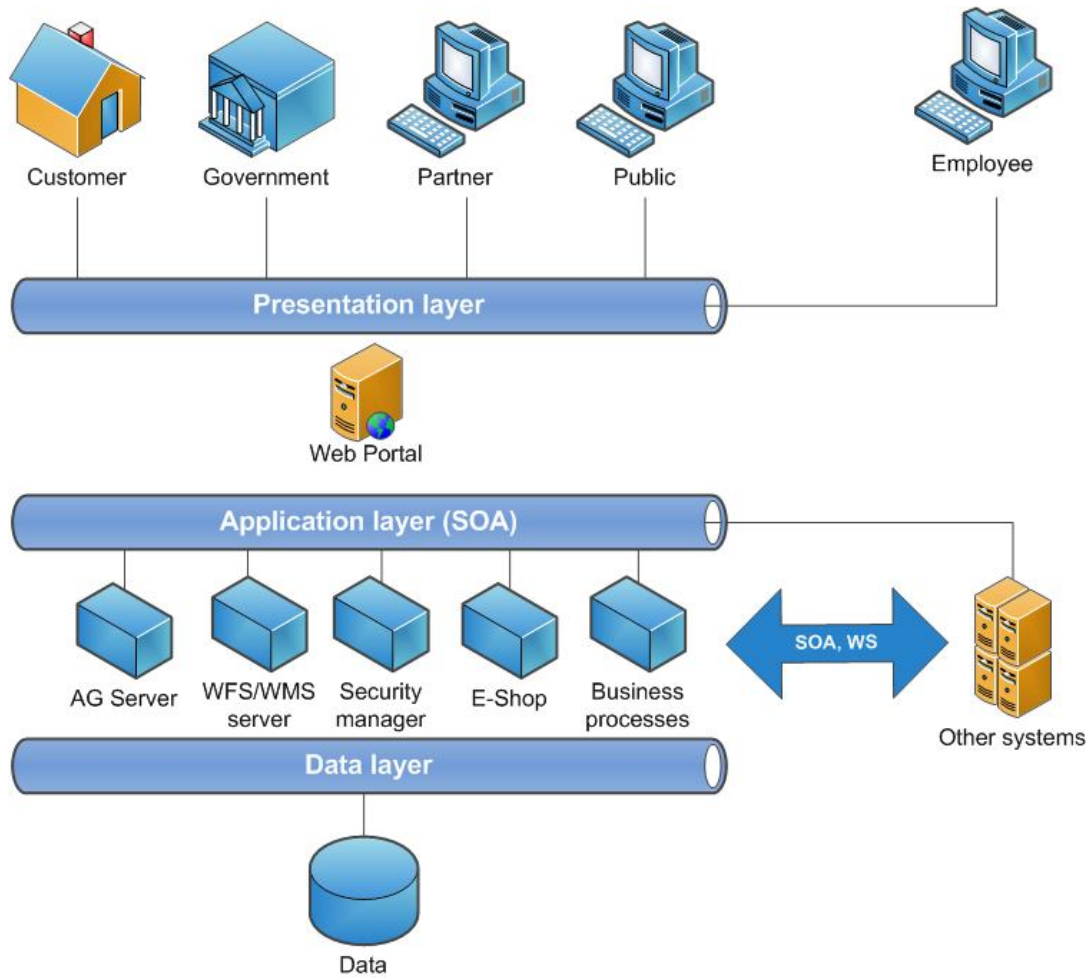

AG-PORTAL components and functions

- Do you need to upload spatial data within organization?
- How about the statements?
- Your clients might need data from within certain area.
- You may sell them with profit.
- Are you ready for INSPIRE?
- You can integrate all these features within existing corporate information system.

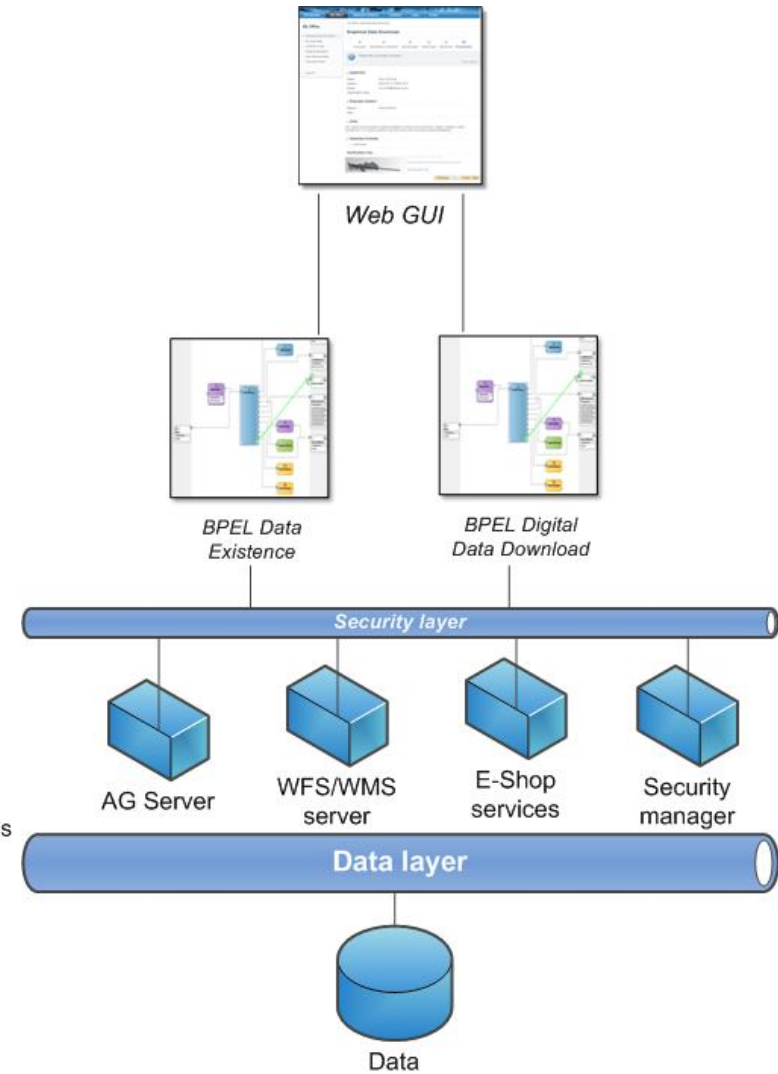

AG-PORTAL scheme

SOA technology

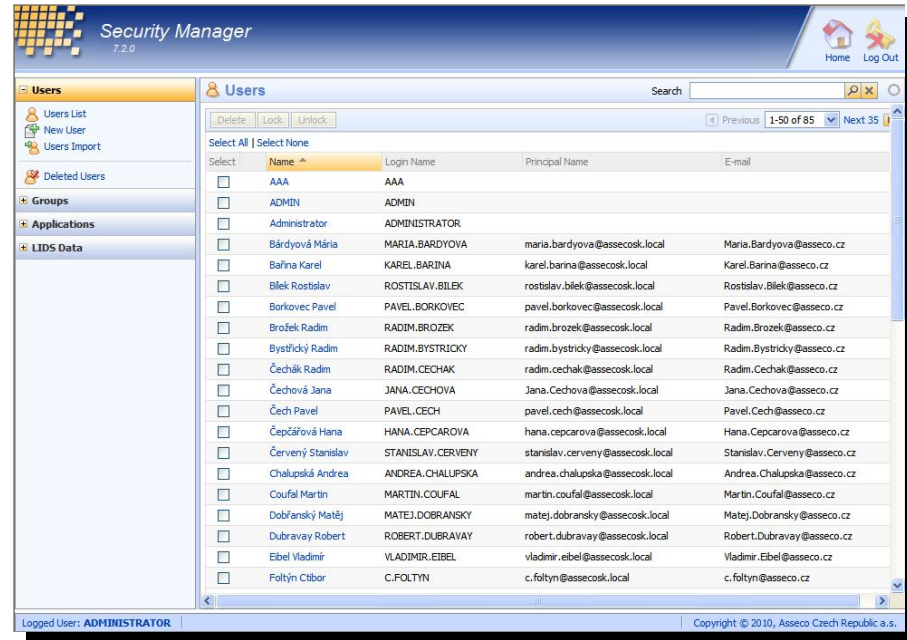

SPETIAL SEARCHING as easy as it can be

- Address search
 - Google like
- Base layer
 - WMS server
 - ESRI ArcGIS, ArcIMS
 - Google
 - Yahoo
 - Bing
- Overlay layer
 - WMS server
 - ESRI ArcGIS, ArcIMS
 - Markers
 - KML, GML, WFS, GeoRSS
- Drawing
 - Polygon, Point
 - Marking

The screenshot displays a web application interface for graphical data download. At the top, there is a navigation menu with options: Introduction, My Office, Network Existence, Contacts, Links, and Forum. The 'My Office' section is currently selected, showing a sidebar with a list of options: Graphical Data Download, My Downloads, Conflicts in Area, Passport Generation, Map Graphical Data, Download History, and Log Out. The main content area is titled 'Graphical Data Download' and features a search form with the text 'Please enter the requested area.' and a 'Show details >' link. Below the search form is a 'Find Address' field with 'Strakonice' entered. The map below shows the Strakonice region with various towns and roads. The map is powered by Google and includes a scale bar and navigation controls.

COMPONENTS

- Security Management
 - User management
 - Access rights, LDAP
 - Kerberos support
- AG Server
 - Template Service, DMS, Mail
- WFS/WMS server
 - LIDS AS, ESRI
- E-Shop
 - 3D-Secure
- Monitoring and reporting
 - Load monitor, statistics

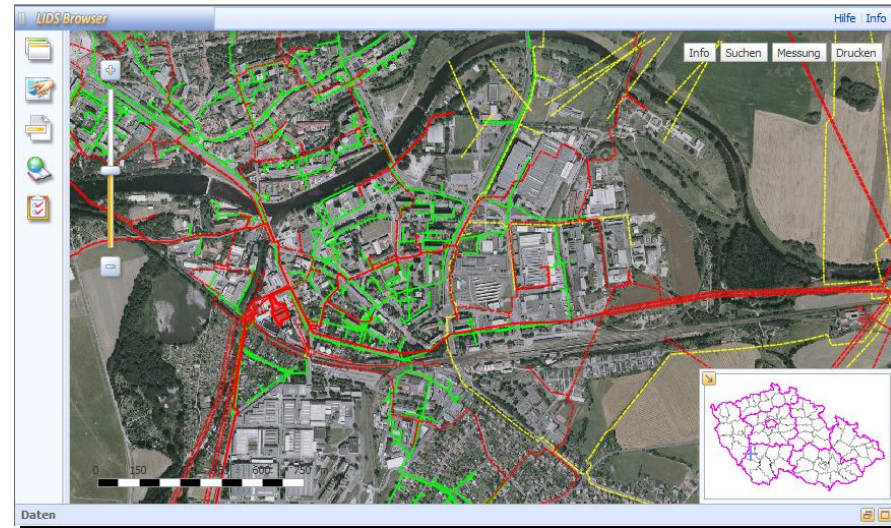

- Business services
 - BPEL services
- Database
 - Oracle DB 10g/11g

Typical PROCESSES for AG-PORTAL I.

- Publish GIS Data
 - Internet/Intranet
 - Covered by LIDS 7 Browser

- Digital data download
 - Identify (login)
 - Specify reason
 - Specify area (can be predefined e.g. whole city)
 - Specify layers
 - Specify output format (shp, dgn, dwg)
 - Download file with data

- Options
 - Payment (3D secure, payment order)

Typical PROCESSES for AG-PORTAL II.

- Statements on Data Existence
 - Specify applicant and investor
 - Specify reason
 - Specify area
 - Agree with license terms
 - Download statement

The screenshot shows the 'Create New Request' page in the AG-Portal II. The navigation menu includes 'Introduction', 'My Office', 'Network Existence', 'Contacts', 'Links', and 'Forum'. The 'Network Existence' section is active, showing 'Create New Request' and 'Request Status' options. The main content area is titled 'Create New Request' and includes a progress bar with steps: Introduction, Identification information, Request reason, Desired area, Delivery method, and Recapitulation. A message prompts the user to 'Please enter identification information for the request.' Below this, there is a form for 'Applicant' with radio buttons for 'Individual person' (selected) and 'Legal entity'. The form fields include Name (filled with 'Jiri'), Surname (filled with 'Winkler'), Phone (filled with '545554534'), Fax, and E-mail (filled with 'jiri.winkler@asseco-oe.com'). There is also an 'Investor' section with a checked box for 'Same as the applicant'. At the bottom, there are navigation buttons: '< Previous', 'Next >', 'Finish', and 'Back'.

The screenshot shows a Microsoft Word document titled 'DataExistenceTemplate_EN'. The ribbon includes 'Home', 'Insert', 'Page Layout', 'References', 'Mailings', 'Review', and 'View'. The document content is as follows:

DEMO
STATEMENT ON NETWORK DATA EXISTENCE

Assesco Central Europe, a.s.
Demo purposes only!

Statement on Data Existence – DEMO
By Assesco Central Europe, a.s.

Request number: %requestNumber%

Request reason: %reason%

Valid until: 31.12.2010

Applicant	%applicant%	
Investor	%investor%	
Construction name	%constructionName%	
Area	Region	%region%
	City	%city%
	Parcel number	%parcelNumber%

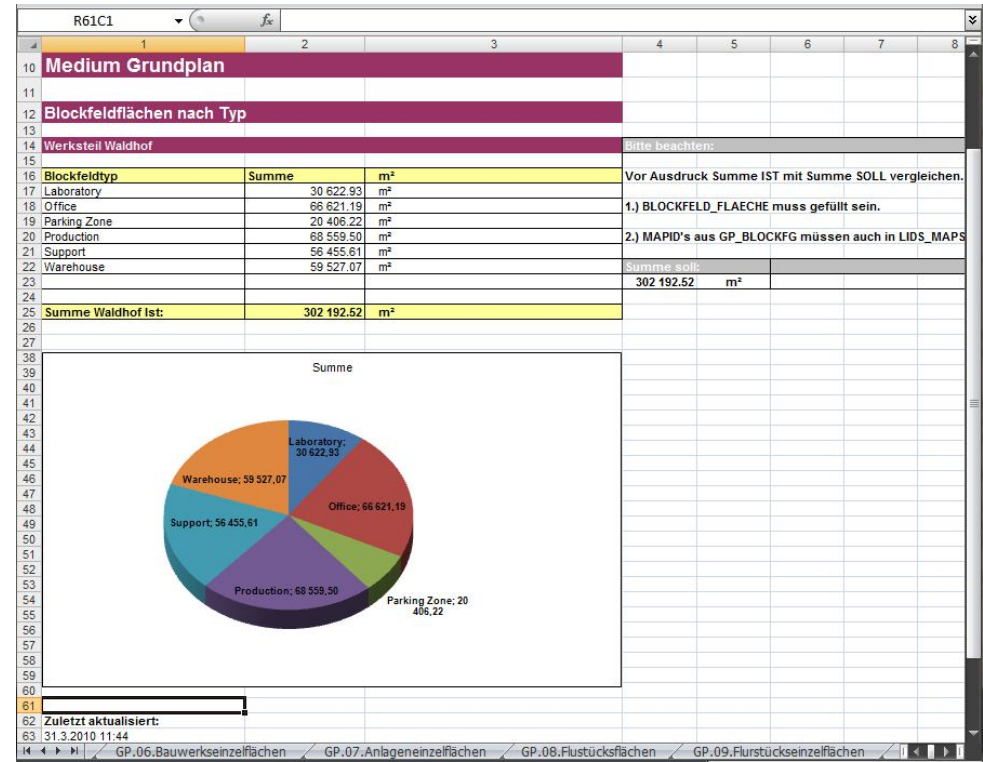

At the bottom, the status bar shows 'Page: 1 of 3', 'Words: 67', and a zoom level of '60%'.

Typical PROCESSES for AG-PORTAL III.

■ Outputs for Management

- Select predefined template
- Fill parameters (e.g. year, time range)
- Data download
- Show map with thematic layer
- Options
 - XLS, PDF
 - BI Layers

Typical customers

- Utility companies
 - Electricity, water, gas, telecommunication
 - Possibilities
 - INSPIRE, Statements (automatic, manual), Requests, Publishing data
 - Czech Republic, Slovakia, Poland, Germany, Austria, Switzerland
- Public administration
 - INSPIRE, Publishing data
 - Czech Republic, Slovakia, Poland
- REFERENCES:
- N-Ergie (DE), TWI (DE)
 - Request management
 - Web Wizard
 - Stadtwerke, Telco

The screenshot displays the N-ERGIE web portal interface. The top navigation bar includes the N-ERGIE logo and the slogan 'Spürbar näher.' Below this, there are buttons for 'Privat-kunden' and 'Firmen-kunden', and a search bar. The main content area shows a 'NEW REQUEST (STEP 1 OF 7)' form. The form is divided into several sections: 'Request submitter' with fields for Salutation (Herr), Name (Kani), and Surname (Mega); 'Request Location' with fields for Street/Number (Bergstr. 15), Town (Bowießen), and ZIP (97999); and contact information fields for Telephone (737212358), Fax, and E-mail (kani.niega@esseco.cz). A progress bar at the top of the form indicates the current step in the request process.
