

# The end of the modern medicine

**Michal Ivantysyn**

ITAPA International Congress/ 14th November / Bratislava

The modern medicine is a tremendous success story,  
and yet it is in a deep crisis!

Costs of medical drug research per unit double every  
9 months.

We can not win this game!

But we can change the  
playground!

Costs of medical drug research per unit double every 9 months.

**Eroom's law**

Costs of computing power are halved every 18 months

**Moore's law**

**Change the medical problem into the big data problem!**

**The end of the modern  
medicine,  
but the beginning of a digital  
medicine!**

The background features a light gray gradient with several large, faint, concentric circles on the right side, creating a subtle geometric pattern.

# Thank you!

**Michal Ivantysyn**
